The screenshot shows the Binance Referral Program interface. At the top, there's a navigation bar with the Binance logo and links for Exchange, Labs, LaunchPad, Funds, Orders, Join Us, Support, News, and a user profile icon. Below this is a banner for the "Binance Referral Program" with the tagline "It pays to have friends!" and a timestamp "TIME : 2017.10.27 4:00AM (UTC)".

A modal window is displayed in the center, featuring a red exclamation mark icon. The text inside the modal reads: "We strongly recommend you to enable 2FA on your account ! Please choose how you wish to receive 2FA code:". Below this text are two buttons: "Google Authentication" (highlighted with a red box) and "SMS Authentication". At the bottom of the modal, there is a checkbox "I understand the risks for not enabling 2FA" and a "Skip for now" button.

Background elements include a warning message: "*Do not disclose Password, Google Authentication codes and SMS to anyone, including Binance support." and a user profile section for "next358@gmail.com" with a last login time of "2018-01-10". There are also sections for "Login Password", "API", and "Distribution History".

「Google Authenticator」をクリック

アカウント作成マニュアルの続きとなります。

「Google Authenticator」を使用した二段階認証を解説します
